FISHING RODS

COMPLETE CATALOG #31

Now Introducing

"EPOXITE"

—the most responsive, the most sensitive, and gram for gram, the toughest, strongest fishing rod ever made.

PHILLIPSON ROD CO. 2705 HIGH ST. DENVER, COLORADO 80205

"EPOXITE"

The rods listed on this page are new. Each is a prestige rod and each is expensive. Together, these rods represent American craftsmanship at its finest and a culmination of Phillipson's 40 years of endeavor to produce the world's finest fishing rods.

Epoxite — the most responsive, the most sensitive, and gram for gram, the toughest, strongest fishing rod ever made.

FLY RODS

By far the finest rod we have ever built.

Beautiful salmon hued color. Distinctive functional wraps. Diamond polished Carboloy stripping guides and hard chromed stainless steel snake guides and tip top, finest select cork grip and new anodized locking cork reel seat. Packed in cloth and deluxe gold anodized case with chain connected screw cap. Packed with extra tip.

| EF 80 | 2 pc. 8' | 3 1/4 oz. | Line #6 |

COMPLETE
WITH 2 TIPS

For the accomplished fly fisherman, this rod will lay out a number 5 line as softly as a thought. The high lift will avoid the drag currents on the large Western rivers, and the long reach will allow the angler to remain invisible to the Brookie on the Eastern meadow stream. Extra tip.

SPINNING ROD

Phillipson Epoxite spinning rods are made with the same precision and care as the finest fly rods.

Just as professional fly rods are built to handle certain weight lines, Phillipson Epoxite spinning rods are built to handle specific weight lures. The versatility of two interchangeable tips (switch on the stream if desired) gives a wide range of lures for more finesse in casting and additional fishing pleasure. The special light action tip casts through 3/8 oz. lures. The medium action tip casts through 1/2 oz. lures or over. Salmon hued color. Lightweight stainless steel wire guides, hard chromed for long wear. Genuine diamond polished Carboloy tip top. Finest select cork grip combined with a newly designed cork locking reel seat. Packed in cloth and gold anodized aluminum case with chain connected screw cap.

BASS SLAYER

Designed for the Southern bass fisherman, a precision tool for the accuracy caster. Extremely sensitive to a bass mouthing the lure, yet this rod has more power than will ever be needed. This is the strongest bass rod made.

Double offset detachable handle with cork fore grip for more comfort and accurate casting. Genuine diamond polished Carboloy guides and tip top. Nickel silver butt ferrule. Packed in protective vinyl coated cloth tie case.

Phillipson

INNER TAPER

A proven concept in rod design gives perfect power action — "IT" eliminates the large, bulky, over-sized butt section. "IT" adds the velvet "feel" to your cast, the jab for hook setting and the muscle for a real fight! And it's built into every Phillipson Rod.

"GLASS WEDDED TO GLASS"

NEW PHILLIPSON

"ROYAL WAND"

WITH NEW GLASS FERRULES

Glass wedded to glass — look for the golden band. And what does the golden band signify? It signifies not only the perfect wedding of one glass section to another — it further signifies the wedding of era to era. Who could deny the fact bamboo has that "feel" important to so many fishermen, and who could deny the light weight of tubular fiberglass rods is desirable? Phillipson combined these ideas. The result — something new and different — something you should experience!

Phillipson's Golden Band signifies the wedding of ideas to fact. Years of experience in manufacturing top quality bamboo and fiberglass rods plus striving always to break through the restrictive barriers of fallacy and inadequacy, add up to one thing — Excellence!

Finally, the Golden Band is a symbol of a perfect wedding between you, the fisherman, and the "just right" rod. So — look for the Golden Band.

"ROYAL WAND" FLY RODS

Royal Wand fly rods comprise the finest components. Rod blanks are made from 100% Epoxy straight glass fiber. Epoxy finish coating. Stripping guide 14 carat gold plated genuine Carboly ring, stainless steel chrome plated snake-guides, Perfection "Hard Chrome" plated pear shaped tip top. *This rod was designed for the man who fishes the horizons -- who is at all times on the look-out for new and revolutionary designs in fishing rods. The average bass fly rod is 8'6" or 9', weighs 4-3/4 to 5-1/2 oz., and uses a GAF line. This new rod defies tradition, it handles the same GAF line so the larger bass bugs can be used -- however, the length is but 7'6" and the total weight of the rod is but 3-3/4 oz.! Truly a new experience, a new adventure in bass bug fishing!

"MASTER"

The Master is IT in value -- gives you more for your money than any other fly rod ever offered in this price range. Its outstanding action, spring recovery and light weight makes it the most dependable, fun-to-fish-with fly rod you ever owned.

These attractive elk-tan blanks are dressed in rich variegated green tipped with white. And don't forget! Our master rods also have the top quality 18% nickel silver ferrules. Perfection chrome plated stripping guide and tip top, stainless steel snake guides and hook keeper. Cigar-shaped cork handle, anodized aluminum locking reel seat. Packed in poly bag and fiber case.
